## **COMMITTED TO SHAPING RESPONSIBLE CITIZENS**

Mr. S. Shivakumar  
Chairman  
Harsha Institutions

Two decades ago, I founded the Harsha Institutions with a vision to shape the intellectual wealth of India's future generations. In these two decades, India has experienced significant material wealth and economic growth. However, I firmly believe that true wealth lies in the intellectual power of our youth. At Harsha, we are committed to providing young Indians with the tools, skills, and knowledge they need to succeed on a global scale. Education, to me, is more than just academic achievement, it is about nurturing global citizens who are empowered to tackle the challenges of our evolving society. We place a strong emphasis on the development of Knowledge, Skills, Attitude, Social, and Moral Values in our students. At Harsha Institutions, we cultivate these qualities both in and out of the classroom, preparing our students to excel in the world. While we are focused on the future, our roots at Harsha run deep. We honor our traditions while embracing progress and striving for continuous improvement.

Mrs. Girija Shivakumar  
Vice-Chairperson  
Harsha Institutions

## SHARING YOUR DREAMS

A mother's support is priceless, as her words of encouragement are always needed. Every mother's aim is to see her children achieve their full potential, become self-assured, independent, and compassionate individuals. At Harsha, we understand that education is a voyage of self-discovery that goes beyond mere textbook knowledge. As a parent, the future of our children can be a source of great concern. Motivated by this worry, we established a high-quality educational environment for all students at Harsha. Seeing my own children flourish, I now comprehend the importance of superior education and a nurturing environment, both of which are available at Harsha Institutions. I advocate for the exchange of ideas, debates, public speaking, and interactions with accomplished individuals are all crucial. Our children deserve role models in various fields to inspire them to achieve greatness on a global scale. I am hopeful for the future generation, who require a solid moral grounding and family backing to thrive and steer our children towards a promising future.

Mr. Harsha Shivakumar  
Secretary  
Harsha Institutions

**GET  
THE  
EDGE**

As one of the visionaries behind Harsha Institutions, I am deeply committed to fostering a brighter India by integrating great standards and cutting-edge technology into our educational framework. At Harsha Institutions, we believe that every student, regardless of their background, deserves access to quality education that prepares them to thrive on a global stage. Our mission is particularly focused on rural areas, where we aim to bridge the educational gap and empower rural students to succeed. We cater to all courses in science and commerce, from preschool to post-graduation, ensuring a comprehensive learning journey that equips our students with the skills and knowledge they need for their future endeavors. By embracing innovation and maintaining the highest standards, we are not just educating students, we are shaping the leaders of tomorrow.

Mr. Yashas Shivakumar  
Co-Secretary  
Harsha Institutions

**PURSUE  
YOUR  
PASSION**

Harsha Institutions, established in the year 2003 has been committed to serve the future by putting out students who excel in all aspects. With the slogan, “Providing Quality Education”, we at Harsha institutions have been dedicated to do our best to attain this, by ensuring that every student that walks into the gates of Harsha, gets the best of what is available. Together, with the combined efforts and support of all our stakeholders- the students, the staff, and the parents, we hope to surge ahead and deliver education in a way that will ensure that the students of Harsha will be shaped to face the challenges the evolving world of tomorrow poses. At Harsha, we ensure all our students are on the right path, we let them grow, to become self-sufficient individuals, and at the same time also hold their hand and push them forward when they seem stuck in this never-ending journey of learning. We work hard to model our courses and programs in such a way that students endeavour to become “lifelong learners”.

# LEADERSHIP

Discipline, academic freedom and constant experimentation are the core values we live by. Our leaders play a key role in bringing these values to life and staying committed to providing the finest quality education to students. The leadership team primarily focuses on fostering creativity, building a more inclusive community and forming a collaboration among students, teachers and parents. Here are our department heads.

Dr. G.C. Mamatha  
Principal, HCOP

Dr. Jayaprakash  
Janarthanan  
Principal, HIPT

Dr. K. Dharani Devi  
Principal, HIMS

Principal, VCON

Mr. Satish G.  
Principal, HPUC

Mrs. Bindu Sharma  
Principal, HIPS

Mrs. Poornima L.  
Principal, HI Pre-School

## OUR CORE FACULTY

Our team of highly experienced teachers and staff members leave no stone unturned to ensure that our students meet their academic targets while being a part of a cheerful atmosphere. According to several scientific studies, a student is found in the highest state of satisfaction when he/she is rightly able to comprehend the topics being taught, and that's one effective methodology our teachers adhere to. We do not just teach, but make sure that students possess a deep understanding of what they have learnt. We also periodically invite eminent scholars, teachers and resourceful dignitaries from various fields to enlighten our students on industry experiences and develop within them a sense of knowledge.

# We're Expanding

OUR MEDIA COVERAGE & REACH

We have been covered by some of the top media organizations in the state of Karnataka, and this talks a lot about our authenticity and the constant zeal with which we serve our students. Explore what the press has to say about Harsha Institutions and our commitment to authenticity and excellence.

## ಕೇರಳ ಆಹಾರ ತಜ್ಞ ಮೃನಲ್ ವೆಂಗಲ್ ಅಭಿಮತ | ಆಹಾರ ಮೇಳಕ್ಕೆ ಚಾಲನೆ ಪಠ್ಯೇತರ ಕೌಶಲಗಳಿಂದ ಜೀವನ ಉಜ್ವಲ

ವಿಜಯವಾಣಿ ಸುದ್ದಿಜಾಲ ನೆಲಮಂಗಲ ವಿದ್ಯಾರ್ಥಿಗಳು ಉತ್ತಮ ಶಿಕ್ಷಣದ ಜತೆಗೆ ಪಠ್ಯೇತರ ಕೌಶಲಗಳನ್ನು ಕರಗತ ಮಾಡಿಕೊಂಡರೆ ಪ್ರವಿಷ್ಟ ಉಜ್ವಲವಾಗುತ್ತದೆ ಎಂದು ಕೇರಳದ ಆಹಾರ ತಜ್ಞ ಮೃನಲ್ ವೆಂಗಲ್ ಅಭಿಪ್ರಾಯಪಟ್ಟರು.

ನಗರದ ಹರ್ಷ ಸಮೂಹ ಶಿಕ್ಷಣ ಸಂಸ್ಥೆಗಳ ಮೈದಾನದಲ್ಲಿ ಶನಿವಾರ ಆಯೋಜಿಸಿದ್ದ ಜನಪದ ಆಹಾರ ಮೇಳಕ್ಕೆ (ಫೋಕ್ ಫುಡ್ ಫೆಸ್ಟಿವಲ್) ಚಾಲನೆ ನೀಡಿ ಮಾತನಾಡಿದರು.

ಭಾರತೀಯ ಸಂಸ್ಕೃತಿಯಲ್ಲಿ ವಿಶಿಷ್ಟ ವಿಭಿನ್ನ ಆಹಾರವೆಂದರೆ ಇದೆ. ದೇಶದ ಪ್ರತಿ ರಾಜ್ಯದಲ್ಲೂ ವಿಭಿನ್ನವಾದ ಆಹಾರ ಪದ್ಧತಿ ಅನುಸರಿಸಲಾಗುತ್ತದೆ. ಆದರೆ, ಈ ಆಹಾರ ಪದ್ಧತಿ ಅತ್ಯಂತ ವೈಜ್ಞಾನಿಕವಾಗಿ ರೂಪಿಸಲ್ಪಟ್ಟಿದೆ ಎಂದು.

ಅದುಗೆ ಮಾಡುವುದು ಒಂದು ಕಲೆ. ಅನುಭವದ ಜತೆಗೆ ಆಸಕ್ತಿ ಇದ್ದಾಗ ರುಚಿಕರವಾದ ಆಹಾರ ತಯಾರಿಸಲು ಸಾಧ್ಯ ಎಂದು ಹೇಳಿದರು.

ಆಹಾರೋದ್ಯಮ ಕ್ಷೇತ್ರದಲ್ಲಿ ಅನುಭವವಿರದ ವಿದ್ಯಾರ್ಥಿಗಳು ನಿರೀಕ್ಷೆ ಮೀರಿದ ರೀತಿಯಲ್ಲಿ ವಿಶಿಷ್ಟವಾದ ತಿಂಡಿ-ತಿನಿಸು, ಆಹಾರ ಪದಾರ್ಥಗಳನ್ನು ಸಿದ್ಧಪಡಿಸಿದ್ದಾರೆ. ಜೀವನವಿರದ ಕೇಳಿ, ಯೋಜಿಸಿ, ನೋಡಿ ಬೇಗ ಬೇಗ ಬಾಡುಗಳನ್ನು ಮಾಡಿರುವುದು ಅಚ್ಚರಿ ಮನವಿಸುತ್ತದೆ. ಕರ್ನಾಟಕ ಅಲ್ಲದೆ, ಬಿಹಾರ, ಮಹಾರಾಷ್ಟ್ರ, ಪಶ್ಚಿಮ ಬಂಗಾಳ ವಿದ್ಯಾರ್ಥಿಗಳು ಆಯಾ ಭಾಗದ ಶೈಲಿಗಳಲ್ಲಿ ಅದ್ಭುತವಾದ ತಿನಿಸುಗಳನ್ನು ಸಿದ್ಧಪಡಿಸಿರುವುದು ಒಮ್ಮೆ ನೋಡುವುದು.

ನೆಲಮಂಗಲದಲ್ಲಿ ಏರ್ಪಡಿಸಲಾಗಿದ್ದ ಜನಪದ ಆಹಾರ ಮೇಳವನ್ನು ಕೇರಳ ಆಹಾರ ತಜ್ಞ ಮೃನಲ್ ವೆಂಗಲ್ ಉದ್ಘಾಟಿಸಿದರು. ಸಮೂಹ ಸಂಸ್ಥೆಗಳ ಸಂಸ್ಥಾಪಕ ಅಧ್ಯಕ್ಷ ಎಸ್. ಶಿವಮೂರ್ತಿ, ಉಪಾಧ್ಯಕ್ಷ ಗಿರಿಜಾ ಶಿವಶಂಕರ್, ಪ್ರಾಂಶುಪಾಲರಾದ ಜಿನೀತಾ ಆರ್. ಮರಿಂಪು, ಎಲ್. ಪೂರ್ಣಿಮಾ ಮುಕ್ತಿಕರರು ಇದ್ದರು.

ವರ್ಷಗಳಿಂದ ಕರೊನಾ ಪೀಡಿತಗೊಂಡ ಕಾರಣ ಸಾಮೂಹಿಕ ಕಾರ್ಯಕ್ರಮಗಳ ಆಯೋಜನೆ ಸಾಧ್ಯವಾಗಲಿಲ್ಲ. ಇದು ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಬೇಸರ ಮೂಡಿಸಿತ್ತು. ಭಾರತೀಯರ ವಿಭಿನ್ನ ಆಹಾರ ಪದ್ಧತಿಗಳು, ಪ್ರಾಕೃತಿಕ ವಾತಾವರಣ ಕರೊನಾ ಪೀಡಿತಗೊಂಡ ಜನರನ್ನು ಕಾಪಾಡಿದೆ. ವಿದ್ಯಾರ್ಥಿಗಳನ್ನು ಮನರಂಜಿಸುವ ಜತೆಗೆ ದೇಶದ ವಿಭಿನ್ನ ಆಹಾರ ಪದ್ಧತಿಗಳ ಪರಿಚಯ, ಸಾಮಾಜಿಕ ಜ್ಞಾನ ಬೆಳೆಸುವುದು ಆಹಾರ ಮೇಳದ ಉದ್ದೇಶವಾಗಿದೆ ಎಂದು ಹರ್ಷ ಸಮೂಹ ಶಿಕ್ಷಣ ಸಂಸ್ಥೆಗಳ ಸಂಸ್ಥಾಪಕ ಅಧ್ಯಕ್ಷ ಎಸ್. ಶಿವಮೂರ್ತಿ ಹೇಳಿದರು.

ಹರ್ಷ ಸಮೂಹ ಶಿಕ್ಷಣ ಸಂಸ್ಥೆಯ ವಿವಿಧ ಪ್ಯಾರಾ ಮೆಡಿಕ್ಯಲ್ ಕೋರ್ಸ್‌ಗಳಲ್ಲಿ ವ್ಯಾಸಂಗ ಮಾಡುತ್ತಿರುವ 27 ವಿದ್ಯಾರ್ಥಿಗಳು 30 ಮಳಿಗೆಗಳನ್ನು ಆರಂಭಿಸಿ, ತಮ್ಮ ರಾಜ್ಯಗಳ ಆಹಾರ ಪದ್ಧತಿಗಳಿಗೆ ತಿಂಡಿ-ತಿನಿಸುಗಳನ್ನು ಸಿದ್ಧಪಡಿಸಿ ಮಾರಾಟ ಮಾಡುತ್ತಿದ್ದಾರೆ ಎಂದು ಘೋಷಿಸಿದರು. ವಿಭಾಗದ ಪ್ರಾಂಶುಪಾಲರ ಡಾ. ಜಯಪ್ರಕಾಶ್ ಜನಾರ್ದನ್ ಮಾಹಿತಿ ನೀಡಿದರು. ಹರ್ಷ ಸಮೂಹ ಶಿಕ್ಷಣ ಸಂಸ್ಥೆಗಳ ಉಪಾಧ್ಯಕ್ಷ ಗಿರಿಜಾ ಶಿವಶಂಕರ್, ಪ್ರಾಂಶುಪಾಲರಾದ ಜಿನೀತಾ ಆರ್. ಮರಿಂಪು, ಎಲ್. ಪೂರ್ಣಿಮಾ ಮುಕ್ತಿಕರರು ಇದ್ದರು.

# AWARDS

WHY CHOOSE

# BEN GAL URU

Bengaluru has been one of the best urban cities in India carrying a lot of cultural heritage in its books. Being known as the “Garden City” and also at one point of time, the city was also referred to as the pensioner’s paradise. And over the years, the city has developed tremendously in terms of business, commerce, entertainment, education, technology and so on. And also not to forget Bengaluru has been ranked the most dynamic city in the world, ahead of Silicon Valley and Boston in the US. People come here from around the world. They come here to live in the heart of the city, visit places of attraction, enjoy night life as well.

# 480-YEAR OLD RICH HISTORY LET'S NOT LEAVE THE HEART BEHIND

As history speaks, no city is built in a day. The city might have drawn attention from around the world for its rapid growth in every possible field. But let's not forget those laid the path for us to enjoy every second of our stay in this beloved city. The Great Bangalore Fort built in the 15th century was the foundation from where it grew steadily into a town and later into a city, Lal Bagh which made the city a beautiful place to live in, Chitrakala Parishath which maintains the cities rich old art and cultural tradition and Electronic City which climbed past Silicon valley just to make Bengaluru the most Dynamic city on Planet Earth.

## CAMPUS & THE BANGALORE CITY

At the HI campus in Bangalore, students are constantly introduced to new opportunities that inspire them to apply creativity into constructing thoughtful ideas, which will majorly contribute towards their mental development.

Road Access  
**Well Connected**  
to multiple National Highways

Nearest Airport  
**Kempegowda International Airport**

Nearest Railway Station: **Yeshwantpur**  
Journey time to Bangalore  
Railway station: **30 Mins**

## THE LOCATION BENEFITS

The campus is located in a way that the city becomes a part of it. You get to interact with teachers and fellow students from distinctive backgrounds and absorb the diversity that the city has to offer. Our students get to periodically collaborate on creative projects that enrich their knowledge about the city best known as the country's IT capital.

## THE EDUCATION HUB

Bangalore is considered progressive and prosperous from the social, economic and cultural standpoint. The city is also home to some of the prominent R & D centers in fields ranging from engineering to aerospace. Known as the education hub of India, Bangalore has all the necessary resources to transform your child into a responsible global citizen.

# Harshotsava 2024

THE ANNUAL CULTURAL FESTIVAL

Harsha organizes a variety of cultural events annually, including the highly anticipated Harshotsava, designed to foster students' social and emotional skills through enjoyable interactions. Our academic events feature prominent guest speakers and ambassadors from diverse fields, aiming to ignite students' interest in global issues, history, geography, public speaking, and diplomacy. We provide a wide array of activities such as Drama Clubs, School Parliament, Debating Society, and several specialized clubs, along with Dance and Singing classes, Science Exhibitions, Annual and Graduation Days, and Interschool Competitions, offering students valuable opportunities to cultivate leadership skills for their future.

# NELAMAN GALA'S BIGGEST ANNUAL CAMPUS FEST

# Offering you More than just a **DEGREE**

We believe that School & College life is about far more than just your studies and that is why we offer you more than a degree. To complement your studies, we offer a range of opportunities for you to develop as a professional.

## **Fosters Entrepreneurs / Entrepreneurship**

Achieving success in today's career landscape goes beyond possessing the right knowledge and degree; it also requires the right mindset. Companies are actively seeking employees who exhibit an entrepreneurial spirit. Our goal is to instill and cultivate this entrepreneurial attitude in our students, equipping them with the skills to market ideas, manage budgets, build networks, and prepare effective business plans.

## **Preparation for the Real World**

We prioritize real-world experiences to help you transition successfully from university to your future career. Our strong relationships with numerous organizations enable us to offer valuable opportunities. Our Student Internship Scheme allows you to gain essential practical experience while completing your studies. Furthermore, our College's placement cell will provide comprehensive logistical support to help you secure placements that align with your interests.

## **Critical Thinkers and Creative Spirits**

At Harsha, you will experience a diverse array of teaching methods, including lectures, tutorials, group projects, and workshops. You will be guided and mentored by renowned academics in their fields, who excel at fostering your critical thinking, analytical abilities, and communication skills.

## **Learning from Research**

Research is an important value addition that enhances your learning experiences. It encompasses the process of leveraging empirical studies, theoretical frameworks, and innovative practices to enhance knowledge and inform decision-making. We serve as hubs for inquiry and education, fostering an environment where ideas can be tested and refined.

We're dedicated to providing students with a holistic educational experience that goes far beyond simply earning a degree. We nurture critical thinking, foster lifelong friendships, and create opportunities for personal and professional growth, empowering our students with the skills and experiences they need to thrive in today's competitive world, preparing them for success in every aspect of life. Join us and discover the many ways we can help you shape your future.

# PLACEMENT PARTNERS

Soon after pursuing the graduation/post-graduation degree, students embark on a brand-new journey – a journey to find the right job. But we don't wish to leave our students on their own, especially when it comes to taking one of the most crucial decisions of their life. Harsha Institutions, through its placement program, ensures that every deserving student is placed in a premier institution within the country or abroad.

# OUR COURSES

# NURSING

HARSHA SCHOOL AND COLLEGE OF NURSING  
M.Sc. Nursing | B.Sc. Nursing | P.B.B.Sc. Nursing | D.GNM

VICTORY SCHOOL AND COLLEGE OF NURSING  
B.Sc. Nursing | P.B.B.Sc. Nursing | D.GNM

Are you passionate about helping others and making a difference in people's lives? Do you have a desire to work in a fast-paced and rewarding career where no two days are ever the same? If so, a career in nursing may be the perfect fit for you. Nursing courses provide the opportunity to learn vital skills and knowledge needed to succeed in this dynamic field. From anatomy and physiology to patient care and medication administration, our courses are designed to prepare you for a successful career in nursing. With a shortage of healthcare professionals in many areas, the demand for skilled and compassionate nurses continues to grow. By enrolling in our nursing courses, you will not only be taking the first step towards a fulfilling career but also making a positive impact on the lives of others. Whether you are just starting out in your career or looking to advance your skills and knowledge, our nursing courses offer the flexibility and support you need to succeed. Join us and start your journey towards a rewarding and fulfilling career in nursing today.

## HIGHLIGHTS OF NURSING PROFESSION WHAT ARE THEY REALLY ENTITLED TO DO:

On the successful completion of the Nursing program, as a graduate nurse, you will possess the skills to:

- Apply knowledge of physical, biological, and behavioral sciences to provide quality nursing care.
- Promote healthy lifestyles and address factors affecting the health of individuals and communities.
- Utilize critical thinking skills to make informed decisions for the best patient care.
- Stay up-to-date on the latest healthcare trends and technology.
- Deliver health services in alignment with national policies and programs.
- Practice within the framework of code of ethics and professional conduct, and acceptable standards of practice within the legal boundaries.
- Communicate effectively with patients, colleagues, and healthcare team members.
- Teach and educate patients in clinical and community settings.
- Collaborate effectively within the healthcare delivery system.
- Demonstrate leadership and managerial abilities in clinical and community health settings.
- Conduct research studies to enhance the quality of care.
- Show dedication to personal and professional growth.

These skills will empower you to thrive in a rewarding career in nursing, making a positive impact on the lives of individuals and communities.

# AFFILIATIONS

# CAREER PROSPECTS

- B.Sc. Nursing graduates have a variety of career opportunities available to them, including working as registered nurses in hospitals, multi-level care facilities, and community agencies. Additionally, they can specialize in areas such as psychiatric or mental health nursing.
- Graduates can also pursue a career in teaching by starting as an Assistant Lecturer or Clinical Instructor, which can help them prepare for future Master's programs and eventually Ph.D programs.
- Furthermore, they can become public health nurses or health workers in government or private clinics, providing essential medical services to urban and rural populations. The field of nursing offers a wealth of options for career growth and professional development.

# KEY JOB OPPORTUNITIES:

- Staff nurse.
- Nurse educators.
- Nurse researchers.
- Nurse administrators.
- Nursing In-charge.
- Occupational health nurse.
- Clinical Instructor.
- Nurse practitioners.
- Travel nurse.
- Nurse Informatics.
- Teaching and Consultancy.
- Military Nurse.
- Industrial Nurse.

# EMPLOYMENT AREAS:

- Medical Colleges and Universities.
- Medicine Industry.
- Hospitals.
- Nursing Homes & Assisted Care Facilities.
- Healthcare Centers.
- Academic Settings.

# M.Sc. NURSING

## PSYCHIATRIC NURSING

The Psychiatric Nursing course provides intensive training in evaluating, treating, and monitoring mental health and behavioral issues. Registered psychiatric nurses create and implement care plans, regularly assessing their effectiveness and making adjustments as needed. Gain specialized skills to make a meaningful impact in mental health care.

### Responsibilities

Some of the other core responsibilities of a psychiatric nurse may include:

- Assisting with various activities related to self-care.
- Involving clients in recreational activities.
- Conducting regular therapy sessions.
- Helping patients regain coping abilities.
- Coordinate with other healthcare professionals.

**DURATION OF COURSE: 2 YEARS**

### Admission Criteria

- The candidate should be a Registered Nurse and Registered midwife or equivalent with any State Nursing Council registration.
- Minimum education requirements shall be the passing of B.Sc. Nursing/Post Basic B.Sc. Nursing with minimum of 55% aggregate marks.
- Minimum one year of work experience after B.Sc(N)
- Candidate shall be medically fit.

### Entrance / Selection Process:

- Selection of the candidates shall be based on the merit in the Entrance Examination held by university or competent Authority.

## MEDICAL SURGICAL NURSING

Become a skilled medical surgical nurse specializing in pre and post-surgical care. Gain expertise in symptom recording, reaction assessment, and patient monitoring. Learn effective medical treatment administration and examinations to advance your career in nursing.

### Responsibilities

Additional responsibilities of a medical surgical nurse include:

- Administering medications.
- Checking vitals.
- Running periodic blood tests.
- Updating medical records.
- Operating medical equipment such as feeding tubes, oxygen tanks, catheters, etc.
- Wound care and dressings.

**DURATION OF COURSE: 2 YEARS**

### Admission Criteria

- The candidate should be a Registered Nurse and Registered midwife or equivalent with any State Nursing Council registration.
- Minimum education requirements shall be the passing of B.Sc. Nursing/Post Basic B.Sc. Nursing with minimum of 55% aggregate marks.
- Minimum one year of work experience after B.Sc(N)
- Candidate shall be medically fit.

### Entrance / Selection Process:

- Selection of the candidates shall be based on the merit in the Entrance Examination held by university or competent Authority.

## OBSTETRICS & GYNECOLOGY NURSING

Become an OB/GYN nurse and specialize in providing prenatal, postpartum, and reproductive healthcare for female patients. Gain a deep understanding of female reproductive health, pregnancies, and childbirth. With this qualification, you can work in various medical settings, collaborating with physicians or at family planning centers and community clinics. Start your rewarding career in women's health now!

### Responsibilities

- Carrying out routine examinations.
- Educating patients on topics such as birth control and safe practices.
- Informing patients about various fertility treatments options.
- Administer vaccines.
- Counsel and educate pregnant women on prenatal care.
- Monitor the health of newborns.
- Coordinate with other practicing nurses.

**DURATION OF COURSE: 2 YEARS**

### Admission Criteria

- The candidate should be a Registered Nurse and Registered midwife or equivalent with any State Nursing Council registration.
- Minimum education requirements shall be the passing of B.Sc. Nursing/Post Basic B.Sc. Nursing with minimum of 55% aggregate marks.
- Minimum one year of work experience after B.Sc(N)
- Candidate shall be medically fit.

### Entrance / Selection Process:

- Selection of the candidates shall be based on the merit in the Entrance Examination held by university or competent Authority.

## PAEDIATRIC NURSING

Become a pediatric nurse and specialize in providing medical care to children from infancy to teenage years. With children's health distinct from that of adults, pediatric nurses offer specialized care. You can later specialize in fields like neurology, oncology, or anesthetics for a rewarding career in child healthcare.

### Responsibilities

- Carrying out physical exams and diagnostics.
- Acting as communicators with medical staff and the family of the child.
- Handling mental wellbeing of children.
- Offering counselling when needed.

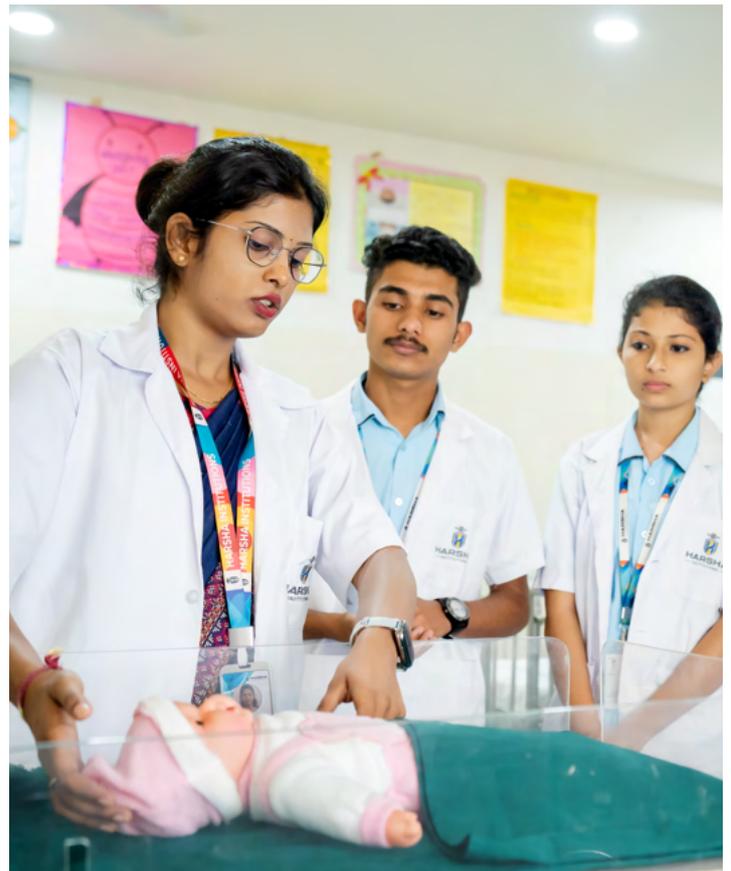

**DURATION OF COURSE: 2 YEARS**

### Admission Criteria

- The candidate should be a Registered Nurse and Registered midwife or equivalent with any State Nursing Council registration.
- Minimum education requirements shall be the passing of B.Sc. Nursing/Post Basic B.Sc. Nursing with minimum of 55% aggregate marks.
- Minimum one year of work experience after B.Sc(N)
- Candidate shall be medically fit.

### Entrance / Selection Process:

- Selection of the candidates shall be based on the merit in the Entrance Examination held by university or competent Authority.

# COMMUNITY HEALTH NURSING

Community health nurses work to improve the well-being of the communities they serve by educating them about illnesses, diseases, prevention, and safe health practices. They work in healthcare institutions, community clinics, schools, and NGOs, often serving patients with low incomes, particularly in rural areas. Career opportunities in this field provide a fulfilling role in making a positive impact on society's health and well-being.

## DURATION OF COURSE: 2 YEARS

### Responsibilities

- Educating individuals on disease prevention and how to live a healthy lifestyle.
- Offering in-house treatment for individuals in need. Services offered at home may include pain management, wound care, blood pressure monitoring, medication administration, etc.
- Carrying out health screening for diseases/disorders such as obesity, hypertension, high-cholesterol levels, diabetes, etc.
- Periodically participating in community outreach programs at schools, workplaces and hospitals.

### Admission Criteria

- The candidate should be a Registered Nurse and Registered midwife or equivalent with any State Nursing Council registration.
- Minimum education requirements shall be the passing of B.Sc. Nursing/Post Basic B.Sc. Nursing with minimum of 55% aggregate marks.
- Minimum one year of work experience after B.Sc(N)
- Candidate shall be medically fit.

### Entrance / Selection Process:

- Selection of the candidates shall be based on the merit in the Entrance Examination held by university or competent Authority.

# B.Sc. NURSING

The B.Sc. Nursing degree course prepares students for a rewarding career in the healthcare industry. With a focus on theoretical instruction and clinical experiences, this program equips students with the skills needed to succeed in nursing. From learning standard practices to developing a sense of professionalism, students are set on a path to pursue post-graduate and doctoral studies. The curriculum covers key subjects such as Physiology, Anatomy, Nutrition, and Medical-Surgical Nursing. By choosing B.Sc. Nursing, you can make a difference in society by helping patients achieve optimal health. Ready to take the first step towards a fulfilling career in nursing? Choose B.Sc. Nursing today.

**DURATION OF COURSE: 4 YEARS**

## ELIGIBILITY

- The minimum age for admission shall be 17 years on 31st December of the year in which admission is sought.
- Minimum education: 10+2 class passed with Science (PCB) & English Core/English Elective with aggregate of 45% marks from recognized board under AISSCE/CBSE/CISCE/SSCE/HSCE or other equivalent Board.
- Student must be medically fit.
- Students appearing in 10+2 examination in Science conducted by National Institute of Open School with 45% marks.
- Student shall be admitted once in a year.

# D.GNM

## DURATION OF COURSE: 3 YEARS

The GNM course prepares students for a career in community healthcare and midwifery. GNM professionals assist physicians in various medical settings, educate communities on disease prevention, and specialize in providing care to pregnant women and newborns. With training in handling high-risk pregnancies, midwives play a critical role in ensuring safe deliveries and healthy outcomes. Start your career in healthcare today with GNM!

### ELIGIBILITY

- 10+2 with English and must have obtained a minimum of 40% at the qualifying examination and English individually from any recognized board.
- Candidates are also eligible from State Open School recognized by State Government and National Institute of Open School (NIOS) recognized by Central Government. However Science is preferable.
- 10+2 with English having 40% of marks in vocational ANM course from the school recognized by Indian Nursing council.
- 10+2 with English having 40% of marks in Vocational Stream-Health care Science from a recognized CBSE board/Centre.
- 5% is relaxed for SC/ST candidates.
- Registered ANM with pass mark.
- Admission of students shall be once in a year.
- Students should be medically fit.
- Minimum age for admission will be 17 years. (as on 31st December of that year) The upper age limit is 35 yrs. For ANM/ for LHV, there is no age bar.

### For Foreign Nationals

- The entry qualification equivalency i.e., 12th standard will be obtained by Association of Indian Universities, New Delhi.
- Institution, State Nursing Council will be responsible to ensure that the qualification and eligibility will be equivalent to what has been prescribed as above.

# P.B.B.Sc. NURSING

**DURATION OF COURSE: 2 YEARS**

This advanced P.B.B.Sc course is designed for nursing professionals with a background in Nursing or related field. With the rapid technological advancements in the healthcare industry, there is a high demand for well-trained nursing professionals. P.B.B.Sc graduates are in great demand for their ability to serve patients in modern healthcare settings. Upon completion of the course, you can choose to specialize further, allowing you to apply your skills and interests in a lucrative career path. Take your nursing career to the next level with our P.B.B.Sc course.

## Eligibility

- Passed the Higher Secondary or Senior Secondary or Intermediate or 10+2 or an equivalent examination recognized by the university for this purpose.
- Those who have done 10+1 in or before 1986 will be eligible for admission.
- Obtained a certificate in General Nursing and Midwifery and registered as R.N.R.M. with the State Nurses Registration Council.

A male nurse, trained before the implementation of the new integrated course besides being registered as a nurse with State Nurses Registration Council shall produce evidence of training approved by Indian Nursing Council for a similar duration in lieu of midwifery in any one of the following areas:

- O.T. Techniques.
- Ophthalmic Nursing.
- Leprosy Nursing.
- TB Nursing.
- Psychiatric Nursing.
- Neurological and Neuro surgical Nursing.
- Community Health Nursing.
- Cancer Nursing.
- Orthopaedic Nursing.

## Admission Eligibility

- Minimum and maximum age for admission will be 17 and 35 years respectively.
- For ANM/LHV, there is no age bar.
- Should have 10+2 class passed or equivalent.
- Candidates having cleared their certificate in GNM (General Nursing & Midwifery ) and having a registration as RN & RM (Registered Nurse & Registered Midwife).
- Those who have cleared 10+2 vocational ANM course (revised after 2001) from the school recognized by Indian Nursing Council.
- Those who have completed the ANM training i.e. 10+1.5 years training should also have passed +2 or its equivalent examination.
- Admission of students shall be once in a year.
- Student should be medically fit.
- In addition to the above, admission procedure can be laid down by concerned State Nursing Council/Nursing Examination Boards (S.I.B.E, M.I.E.B., C.M.A.I).

# PHARMACY

We are a premier institution that is dedicated to providing our students with the best possible education and training, preparing them for successful careers in the field of Pharmacy. Our college is known for offering the most comprehensive Pharmacy courses, taught by highly qualified and experienced faculty members who are passionate about their field. Since our inception, we have been committed to producing some of the best Pharmacy professionals in the country. Our graduates have excelled in the field of Pharmacy, making a positive impact on the healthcare industry and the lives of countless patients. We are committed to ensuring that our students receive a world-class education that prepares them for the challenges and opportunities of a dynamic and evolving healthcare industry. If you are looking to launch a successful career in Pharmacy, Harsha College of Pharmacy is the perfect gateway to your future success.

## HARSHA COLLEGE OF PHARMACY

B. Pharmacy (B.Pharm)  
D. Pharmacy (D.Pharm)  
M. Pharmacy (M.Pharm)  
Pharma.D (Pharm.D)

Embark on a rewarding career in Pharmacy with a wide range of opportunities in settings such as community Pharmacies, hospitals, research labs, and more. The demand for Pharmacists is high, offering the chance to improve patient outcomes through collaboration with healthcare providers. With expertise in drug information and patient counseling, Pharmacists play a vital role in promoting safe medication use. A Pharmacy education provides a strong foundation for lifelong learning and specialization in areas of clinical Pharmacy and Pharmaceutical sciences. Join us for a fulfilling career that combines scientific knowledge, patient care, and a lasting impact on public health.

## AFFILIATIONS

# HIGHLIGHTS OF THE PHARMACY PROFESSION

Here are some tasks that Pharmacy professionals are typically entitled to perform:

- Drug manufacturing.
- Quality control and assurance.
- Research and development.
- Sales and marketing.
- Dispensing medications accurately & providing patient education.
- Conducting medication reviews for safety & efficacy.
- Compounding customized medications for specific patient needs.
- Collaborating with healthcare teams for optimal patient care.
- Monitoring drug therapies & making recommendations for treatment adjustments.
- Managing medication supplies, ensure appropriate stock levels, monitor expiry dates & implementing systems to prevent errors.
- Engaging in health promotion & education for disease prevention & medication adherence.
- Participating in pharmaceutical research & drug development projects.
- Ensuring regulatory compliance & maintaining patient confidentiality.

## CAREER PROSPECTS FOR PHARMACY:

Community Pharmacist | Hospital Pharmacist | Clinical Pharmacist | Pharmaceutical Industry Research Scientist | Regulatory Affairs Specialist | Pharmacy Consultant | Academic Pharmacist | Pharmaceutical Sales Representative | Managed Care Pharmacist | Government Pharmacist | Nuclear Pharmacist | Compounding Pharmacist | Pharmacy Informatics Specialist | Drug Safety Specialist.

## EMPLOYMENT AREAS:

Community Pharmacies | Hospital and Healthcare Facilities | Pharmaceutical Companies | Research and Development Organizations | Regulatory Agencies | Academic Institutions and Universities | Government Health Departments | Managed Care Organizations | Long-term Care Facilities | Pharmaceutical Wholesale and Distribution | Pharmacy Benefit Management Companies | Pharmaceutical Consulting Firms | Clinical Research Organizations | Home Healthcare Services | Pharmacy Informatics and Technology Companies.

## KEY JOB OPPORTUNITIES:

Pharmacist | Pharmacy Manager | Clinical Pharmacist | Hospital Pharmacist | Community Pharmacist | Industrial Pharmacist | Research Scientist | Regulatory Affairs Specialist | Pharmaceutical Sales Representative | Pharmacy Consultant | Academic Pharmacist | Drug Information Specialist | Compounding Pharmacist | Nuclear Pharmacist | Pharmacy Informatics Specialist | Managed Care Pharmacist | Government Pharmacist | Clinical Research Associate | Pharmacovigilance Specialist | Pharmacy Technician.

# B. PHARMACY (B.PHARM)

Join our B. Pharmacy Program to kick start a successful career in the Pharmaceutical Industry. Our comprehensive curriculum covers Pharmaceutical sciences, Pharmacy Practice, formulation and preparation of medications, Pharmacology, Pharmacotherapy, dosage forms, and drug dispensing and healthcare delivery systems, giving you the skills and knowledge needed for success. Upon graduation, you'll be ready for diverse career opportunities as a community Pharmacist, Hospital Pharmacist, Pharmaceutical Researcher, or Industry Professional. Turn your passion for Pharmacy into a rewarding career with our comprehensive program.

**DURATION OF COURSE: 4 YEARS**

## **Core responsibilities of a B Pharmacy professional:**

- **Critical Healthcare Role:** Pharmacists play a crucial role in healthcare by ensuring safe and effective medication use, contributing to patient wellness.
- **Patient-Centered Care:** They provide personalized care through medication counselling and monitoring, promoting patient well-being and treatment adherence.
- **Public Health Advocacy:** Pharmacists advocate for public health by educating communities on health issues and promoting preventive healthcare practices.
- **Interdisciplinary Collaboration:** Their collaboration with healthcare teams enhances comprehensive patient care and treatment outcomes.
- **Career Opportunities:** B. Pharmacy offers diverse career paths in retail pharmacy, hospital settings, Pharmaceutical industry, research, and academia, providing a wide range of opportunities for professional growth outcomes.

## **Eligibility**

- Candidates applying for B. Pharmacy programs are typically required to have passed 10+2 or equivalent examination with Physics, Chemistry, and Biology/Mathematics as compulsory subjects with 40%.

# D. PHARMACY

Diploma in Pharmacy holders gain hands-on experience in Pharmacy settings, preparing you for roles as Pharmacy technicians. Prepare to make a difference in the healthcare system with our program. You'll gain essential knowledge in Pharmaceutical Sciences, clinical care, and patient-centered practices. Our curriculum covers all aspects of Pharmacy. With hands-on training in community and hospital settings, you'll hone your skills in drug dispensing and patient counseling.

**DURATION OF COURSE: 2 YEARS**

## **Core responsibilities of a D Pharmacy professional:**

- **Vital Healthcare Role:** Pharmacy professionals play a crucial role in the healthcare system by ensuring access to safe and effective medications.
- **Patient Education:** They educate patients on proper medication use, improving treatment adherence and health outcomes.
- **Support to Pharmacists:** D. Pharmacy professionals assist pharmacists in delivering quality healthcare services and managing pharmacy operations.
- **Career Pathway:** D. Pharmacy offers foundational training for further education in pharmacy (like B. Pharm) or immediate entry into the workforce, providing career stability and growth opportunities.
- **Community Health Impact:** They contribute to public health by promoting medication safety, disease prevention, and health education within communities.

## **Eligibility**

- Candidates applying for D. Pharmacy programs are typically required to have passed 10+2 or equivalent examination with Physics, Chemistry, and Biology/ Mathematics as compulsory subjects.

# M.PHARMACY

Embark on a journey of advanced learning and specialization with the Master of Pharmacy (M. Pharm), a two-year postgraduate program designed to deepen your expertise in Pharmaceutical sciences. Through a blend of rigorous academic coursework, practical training, and research opportunities, M. Pharm prepares you to excel in diverse fields such as Pharmacology, Pharmaceutics, Pharmaceutical Chemistry, and Pharmacognosy. This program not only enhances your clinical skills and knowledge but also equips you with critical thinking abilities and research acumen crucial for advancing healthcare solutions. M. Pharm graduates are in high demand across Pharmaceutical Industries, research institutions, academia, and regulatory bodies, where they drive innovation, ensure medication safety, and contribute significantly to the advancement of healthcare delivery. Join us in shaping the future of Pharmacy and making a profound impact on global health outcomes with the Master of Pharmacy (M. Pharm) program.

**DURATION OF COURSE: 2 YEARS**

## Key Responsibilities and Services

- **Advanced Clinical Pharmacy:** Provide specialized Clinical Pharmacy services, including medication therapy management and patient counseling.
- **Pharmaceutical Research:** Conduct research in Pharmaceutical Sciences to develop new drugs, improve existing formulations, or explore drug delivery systems.
- **Drug Regulatory Affairs:** Ensure compliance with regulatory requirements for Pharmaceutical products, including drug approvals, labeling, and safety monitoring.
- **Quality Control and Assurance:** Oversee quality assurance processes in Pharmaceutical manufacturing to ensure medications meet safety and efficacy standards.
- **Teaching and Education:** Educate future Pharmacists and healthcare professionals through teaching positions in academic institutions.
- **Pharmacovigilance:** Monitor and report adverse drug reactions to enhance medication safety and contribute to public health.
- **Clinical Trials Management:** Design and manage clinical trials to evaluate the effectiveness and safety of new medications or treatments.

## Eligibility

- Candidates must have completed a Bachelor of Pharmacy (B.Pharm) degree from a recognized university or institution with a minimum aggregate score in B.Pharm, often ranging from 55% to 60%, depending on the institution and specialization.
- Every student, selected for admission to post graduate Pharmacy program in any PCI approved institution should have obtained registration with the State Pharmacy Council or should obtain the same within one month from the date of his/her admission, failing which the admission of the candidate shall be cancelled.

## Duration of the course:

- The program of study for M.Pharm. shall extend over a period of four semesters (two academic years).

# PHARM D

Students in the professional doctorate program (Pharm D) will become medication experts who pursue roles as practitioners, scientists, technologists, activists and entrepreneurs. They will have a broad perspective that includes knowledge of healthcare systems, policy, and practice in local, national, and international settings. Ability to integrate and apply basic principles of Chemistry, Biochemistry, Physical Science, Biology, Mathematics and Statistics needed for the application of these sciences to drug therapy and human health. And also ability to use principles of therapeutics, quality improvement, communication, economics, health behavior, social and administrative sciences, health policy and legal issues in the practice of Pharmacy. Pharma D professionals are well-prepared to provide quality care and improve patient out- comes. Instrumental in advancing patient-centered care, optimizing medication therapy outcomes, and promoting wellness in their communities. With their advanced clinical knowledge, critical thinking skills, and dedication to patient care, Pharm D professionals continue to shape the future of Pharmacy Practice, driving innovation and excellence in Pharmaceutical care delivery. Join us and become a part of a rewarding career in Pharmacy Practice.

## Key Responsibilities and Services

- Will provide patient-centered care to diverse patients using the best available evidence and in consideration of patient circumstances to devise, modify, implement, document and monitor
- Pharmacotherapy care plans, either independently or as part of healthcare teams.
- Design, implement and assess initiatives to improve health and wellness.
- Effective translators of scientific concepts and technologies by being critical appraisers of the scientific literature. They will apply the principles of research in their pursuit of professional discovery.
- Discuss the ethical and legal issues related to Pharmacy Practice
- Discuss the principles, Practices and responsibilities of Pharmacy Practice

## Eligibility

- Candidates must have passed 10+2 or equivalent examination with Physics and Chemistry as compulsory subjects along with one of the following: Mathematics or Biology as an optional subject.

## Duration of the course:

- 6 years (1 year Internship)

# PHYSIOTHERAPY

At Harsha Institute of Physiotherapy, we believe in providing a comprehensive education that goes beyond textbooks and lectures. Our students are given the opportunity to immerse themselves in the field of Physiotherapy, gaining a deeper understanding of the subject matter. We have invested in the necessary resources and have built a team of experienced faculty to guide and mentor the students. Our curriculum and practical training will help the students to be well-prepared for the dynamic and challenging Physiotherapy field. We help students to discover their full potential and set them on the path of becoming successful Physiotherapists. Harsha Institute of Physiotherapy offers two major courses: Bachelor of Physiotherapy (BPT) and Master of Physiotherapy (MPT) to help students become highly skilled and knowledgeable Physiotherapists. These courses provide students with the knowledge and skills to assess, diagnose and treat a wide range of physical conditions and injuries using evidence-based practice.

## Highlights Of Physiotherapy Related Professions.

- Assess and develop treatment plans for patients with physical conditions to aid in their recovery or management of chronic conditions.
- Perform manual therapy and develop exercise programs to relieve pain and improve mobility.
- Use therapeutic modalities to aid in pain relief and healing.
- Educate patients and families on conditions, treatment options, and injury prevention.
- Collaborate with healthcare professionals for comprehensive patient care.
- Maintain detailed records of treatment plans and progress.
- Participate in ongoing education to stay current on Physiotherapy research and techniques.
- Supervise and mentor physiotherapy assistants and students.
- Collaborate with community organizations and healthcare providers to promote healthy lifestyles and injury prevention.

## Objective Of Study.

- Train professional generalist Physiotherapists to accurately describe, identify, treat, and compare health problems through Physiotherapy.
- Use methods, procedures, models, techniques, and actions to help patients heal and recover.
- Provide guidance to those affected by functional limitations, disabilities, and injuries.
- Promote health maintenance and disease prevention within a biological, psychological, and social context.

## AFFILIATIONS

## Clinical Experience:

- Physiotherapy courses prepare students to work as healthcare professionals across different specializations such as Musculoskeletal, Neuro science, Cardio pulmonary, Geriatric & paediatric conditions.
- Assist individuals in maintaining, improving, or regaining physical strength, function, and mobility, leading to rewarding and impactful career opportunities.

## Career Prospects For Physiotherapists:

- Physiotherapy graduates have the option to pursue higher education and specialize in the field.
- Eligible for courses like Hospital Administration, Business Management, Public Health Management & more.
- Demand for qualified Physiotherapists is increasing due to urbanization and lifestyle changes.
- Opportunities in private clinics, hospitals, rehabilitation centers, fitness centers, sports facilities, and defense establishments.
- Highly qualified Physiotherapists can open their own clinics and care for patients.
- Average starting salary for hospital Physiotherapists is Rs. 3 to 4 lakh per year.
- Opportunities in private practice, sports Physiotherapy, pediatric, neurological, cardiovascular/pulmonary, and geriatric Physiotherapy for specialization.

## EMPLOYMENT AREAS:

Hospitals | Rehabilitation centres | Sports clinics | Private Physiotherapy clinics | Fitness and wellness centres | Nursing homes and long-term care facilities | Schools and Universities | Home health agencies | Government agencies and military installations | Industrial and occupational health and safety programs.

## KEY JOB OPPORTUNITIES:

Physiotherapy Assistant | Physiotherapist | Sports Physiotherapist | Paediatric Physiotherapist | Neurological Physiotherapist | Cardiopulmonary Physiotherapist | Geriatric Physiotherapist | Researcher in Physiotherapy | Lecturer or Professor of Physiotherapy | Occupational Therapist | Consultant Physiotherapist in Multi-specialty Hospitals, Health Care Centres, NGOs | Corporate Physiotherapist in MNCs | Health Care Physiotherapy Instructor in Modern Gymnasiums | Ergonomic Care Advisor | Physiotherapist in Special Schools for Physically Challenged Children | Physiotherapist in Old Age Residential Homes | Sports Physiotherapists at Sports Associations, Sports Team | Individually hired Physiotherapists by elite athletes | Entrepreneurs in Rehabilitation Centres / Organizations | Private Practitioners running Private Physiotherapy Practice | Lecturer | Clinical Researcher.

# GET SET READY!

Embark on a successful career in Physiotherapy with Harsha Institute of Physiotherapy. Our curriculum is designed to provide you with the knowledge and skills needed to excel in this competitive field. Led by experienced instructors, our courses cover traditional and cutting-edge topics like sports Physiotherapy and rehabilitation. With flexible scheduling and a supportive atmosphere, you'll be empowered to achieve your professional goals. Choose Harsha Institute of Physiotherapy for a rewarding career in Physiotherapy.

# BACHELOR OF PHYSIOTHERAPY

Unlock your potential with a Bachelor's degree in Physiotherapy (BPT). Dive into a dynamic blend of classroom learning and hands-on experience to become a licensed Physiotherapist. Explore the intricacies of the human body, mastering anatomy, physiology, and cutting-edge physical therapy techniques. Gain real-world insight through clinical placements in hospitals, clinics, and long-term care facilities. Upon graduation, seize the opportunity to take the licensure exam and kickstart your rewarding career as a skilled physiotherapist. Embrace the challenge, embrace the future – pursue a degree in Physiotherapy today.

**DURATION OF COURSE: 4 YEARS AND 6 MONTHS OF INTERNSHIP**

## Eligibility

- The Candidate should have passed examination conducted by Boards/Councils/Intermediate examination established by State Government/Central Government and recognized as equivalent to a 2-year Pre-University Examination by Rajiv Gandhi University of Health Sciences/ Association of Indian Universities (AIU).
- He / She shall have passed with subjects such Physics, Chemistry, Biology and English individually and must have obtained not less than 45% marks together in Physics, Chemistry and Biology in qualifying examination.
- Candidate belonging to SC,ST or category I, the marks obtained in Physics, Chemistry and Biology together in qualifying examination is not less than 40%.
- Candidates who have completed Pre-University course with Vocational Physiotherapy as their optional subjects are eligible for admission to BPT course.

# MASTER OF PHYSIOTHERAPY

Elevate your career with a Master's degree in Physiotherapy (MPT) at our Institute. Gain advanced knowledge and skills in specialized areas like sports, orthopaedics, paediatrics, geriatrics, movement sciences and neuro physiotherapy. Conduct independent research, participate in supervised clinical experiences, and prepare for roles as clinical specialists, research coordinators, and educators. Make your mark in the dynamic field of physiotherapy with our accredited program. Graduates are eligible for membership in The Indian Association of Physiotherapists (IAP), opening up new opportunities for career growth and advancement.

**DURATION OF COURSE: 2 YEARS**

## Eligibility

- Bachelor of Physiotherapy (BPT) pass with 50%.

# HARSHA INSTITUTE OF ALLIED SCIENCES

At Harsha Institute of Allied Sciences, our commitment to student success goes beyond the classroom. Through career services, internships, and other opportunities, students are able to connect with potential employers, network with professionals in their fields, and gain practical experience that will help them stand out in a competitive job market. With a focus on student success, the Harsha Institute of Allied Sciences is dedicated to helping students shape their futures and achieve their full potential. Harsha Institute of Allied Sciences is a leading healthcare education provider offering a range of career-focused Bachelor of Science (B.Sc) programs tailored to meet the demands of the fast-paced healthcare industry.

Our programs, such as Medical Laboratory Technology and Optometry, provide students with a unique blend of hands-on experience, theoretical knowledge, and real-world applications. You will develop the technical skills and expertise needed to excel in your chosen field, as well as the soft skills required to thrive in today's competitive job market. Our cutting-edge curriculum and student success focus make us the ideal choice for those looking to make a meaningful impact in healthcare. Whether you're starting out or seeking further education, Harsha Institute of Allied Sciences is where you can unlock your potential and achieve your career goals.

## HIGHLIGHTS OF THE ALLIED SCIENCE PROFESSION

Some general duties and responsibilities that graduates of allied science programs may be entitled to do:

- Perform diagnostic tests and procedures.
- Analyze test results and communicate findings to medical professionals.
- Operate and maintain medical equipment.
- Monitor patient progress and adjust treatment plans accordingly.
- Educate patients on treatment options and self-care.
- Participate in research studies and clinical trials.
- Maintain accurate patient records and adhere to data privacy laws.
- Collaborate with other healthcare professionals to provide comprehensive patient care.
- Stay up-to-date with new technologies and industry developments.
- Adhere to ethical and professional standards of conduct.

## AFFILIATIONS

# CAREER PROSPECTS

- Perform diagnostic tests on various body fluids and tissues to help doctors diagnose and treat patients.
- Operate specialized equipment to produce diagnostic images of the body using magnetic resonance imaging (MRI) or computed tomography (CT) technology.
- Work alongside surgeons and anaesthesiologists to ensure that the operating room is properly equipped and ready for surgical procedures.
- Assist during cardiac surgeries by setting up and managing heart-lung machines that temporarily take over a patient's heart and lung function.
- Provide vision care services such as eye exams, prescribing corrective lenses, and diagnosing and treating eye diseases.
- Operate equipment that removes waste and excess fluids from the blood of patients with kidney problems.
- Can further prefer Master degree under various Specialization
- Excellent job opportunities in India & Abroad

## EMPLOYMENT AREAS:

- Hospitals.
- Diagnostic centres.
- Blood banks.
- Rehabilitation centres.
- Research institutes.
- Pharmaceutical companies.
- Medical equipment companies.
- Public health organizations.
- Government health departments.
- Non-profit organizations.

## KEY JOB OPPORTUNITIES:

- Medical Lab Technologist.
- Radiologic Technologist.
- CT Scan Technologist.
- MRI Technologist.
- Operation Technologist.
- Anaesthesia Technologist.
- Perfusion Technologist.
- Optometrist
- Dialysis Technologist.
- Clinical Research Associate.
- Biostatistician.
- Healthcare Quality Analyst.
- Health Information Manager.
- Epidemiologist.
- Biomedical Equipment.
- Technician.

## UG COURSES

### B.Sc. in MEDICAL LABORATORY TECHNOLOGY

At Harsha Institute of Allied Sciences, our commitment to student success goes beyond the classroom. Through career services, internships, and other opportunities, students are able to connect with potential employers, network with professionals in their fields, and gain practical experience that will help them stand out in a competitive job market. With a focus on student success, the Harsha Institute of Allied Sciences is dedicated to helping students shape their futures and achieve their full potential. Harsha Institute of Allied Sciences is a leading healthcare education provider offering a range of career-focused Bachelor of Science (B.Sc) programs tailored to meet the demands of the fast-paced healthcare industry. Our programs, such as Medical Laboratory Technology and Optometry, provide students with a unique blend of hands-on experience, theoretical knowledge, and real-world applications. You will develop the technical skills and expertise needed to excel in your chosen field, as well as the soft skills required to thrive in today's competitive job market. Our cutting-edge curriculum and student success focus make us the ideal choice for those looking to make a meaningful impact in healthcare. Whether you're starting out or seeking further education, Harsha Institute of Allied Sciences is where you can unlock your potential and achieve your career goals.

### **DURATION OF COURSE: 4 YEARS (3 YEARS COURSE + 1 YEAR INTERNSHIP)**

#### **Eligibility**

- Passed +2 with 45% (Core subjects are Physics, Chemistry and Biology).
- Students should have studied English as one of main subject during the tenure of the course.
- Lateral entry to the second year for AHS course candidates who have passed diploma programme from the recognized government boards (course duration 3 years (2 + 1 year Internship))

## **B.Sc. in IMAGING TECHNOLOGY (MRI / CT SCAN)**

The course is designed to help you efficiently perform various medical imaging examinations and carry out radiological procedures. During the course, you will be skill-trained to perform medical imaging techniques such as Magnetic Imaging Resonance (MRI), Computed Tomography (CT), X-ray, mammography, ultrasound, etc. So, if medical science and technology is something that suits your interest, this course is a perfect fit for you. The course will require you to have good communication skills, basic computer knowledge and a sound understanding of anatomy and physiology.

### **KEY JOB OPPORTUNITIES:**

Medical image analysis scientist | Clinical sales specialist | Application specialist | Imaging technologist.

## **DURATION OF COURSE: 4 YEARS (3 YEARS COURSE + 1 YEAR INTERNSHIP)**

### **Eligibility**

- Passed +2 with 45% (Core subjects are Physics, Chemistry and Biology).
- Students should have studied English as one of main subject during the tenure of the course.
- Lateral entry to the second year for AHS course candidates who have passed diploma programme from the recognized government boards (course duration 3 years (2 + 1 year Internship))

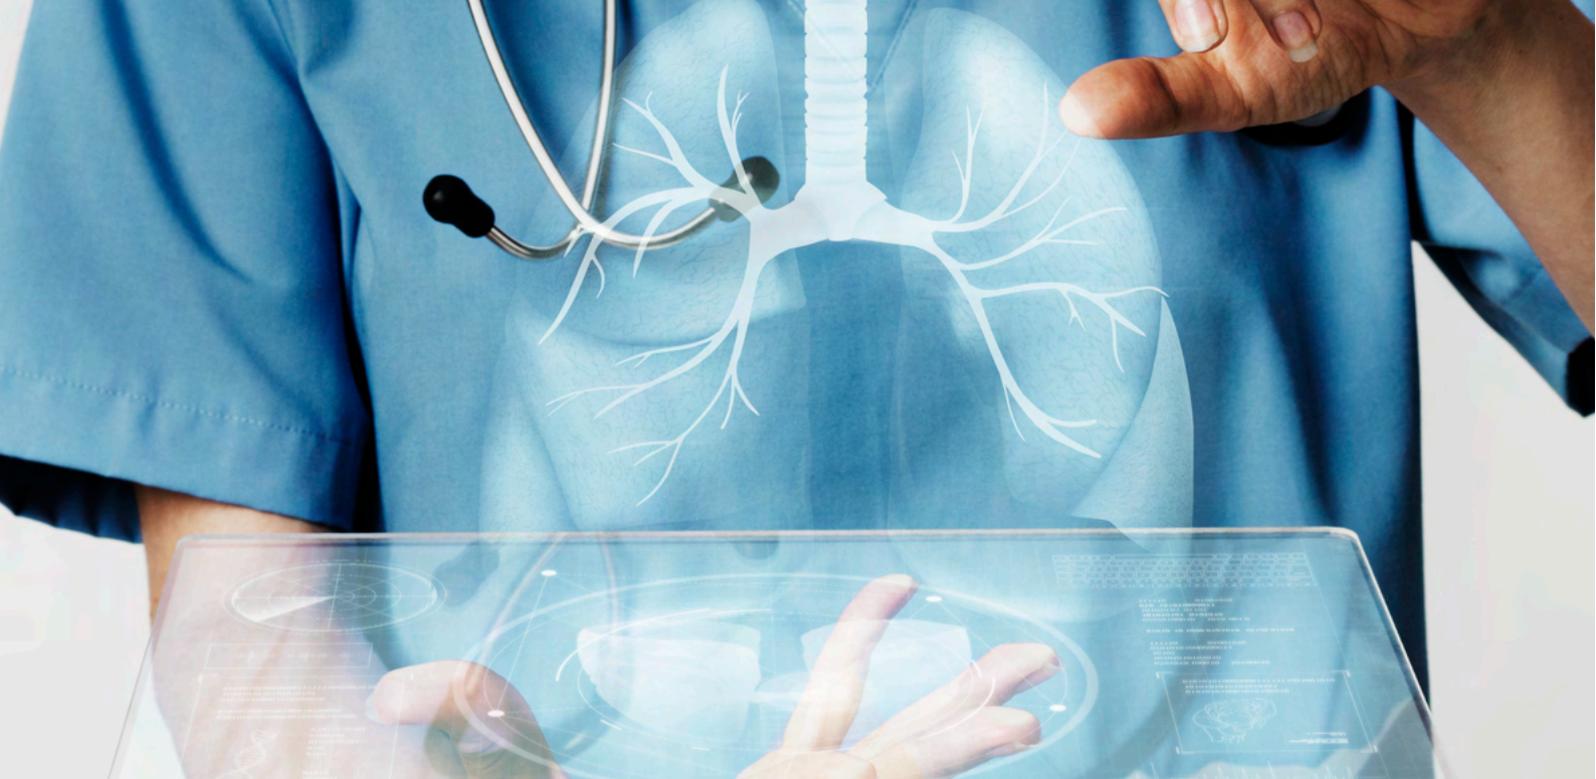

## **B.Sc. in OPERATION THEATRE AND ANESTHESIA TECHNOLOGY**

After successful completion of the course, you will mostly work alongside a qualified surgeon and provide medical care to patients throughout the surgery. As a certified technician, you will be required to ensure that every process within the operation theatre is completely safe and secured. Some of your day-to-day tasks will include the regular maintenance of surgical instruments, their sterilization, setting up the operation theatre table, the dressing table, instrument table and the anesthesia table. The course will demand some of the skills that you may already possess such as communication skills, behavioural skills, scientific skills, an eye for detail, a positive attitude, and critical thinking. Moreover, you need to be an excellent team player as you will be working with other healthcare providers.

**DURATION OF COURSE: 4 YEARS (3 YEARS COURSE + 1 YEAR INTERNSHIP)**

### **Eligibility**

- Passed +2 with 45% (Core subjects are Physics, Chemistry and Biology).
- Students should have studied English as one of main subject during the tenure of the course•
- Lateral entry to the second year for AHS course candidates who have passed diploma programme from the recognized government boards (course duration 3 years (2 + 1 year Internship)

## **B.Sc.in PERFUSION TECHNOLOGY**

The course will deal with the study of physiology, pathology and related equipment that facilitates the efficient functioning of lungs and the associated respiratory organs. It is recommended that the students opting for this course possess a thorough understanding of the respiratory and the circulatory systems. As a perfusion technologist, you will be spending most of your time operating highly sophisticated equipment under the guidance of a qualified healthcare physician. Additionally, you will also be responsible for measuring blood pressure levels to maintain tissue viability.

**Some of the primary skills you will require, as a perfusion technologist are:**

- Staying updated with the latest technological advancements.
- Technical Proficiency
- Clinical Judgment
- Communication Skills
- Problem-Solving Skills
- Attention to Detail
- Skills ensure safe and effective operation of perfusion equipment and optimal patient outcomes.

**DURATION OF COURSE: 4 YEARS (3 YEARS COURSE + 1 YEAR INTERNSHIP)**

### **Eligibility**

- Passed +2 with 45% (Core subjects are Physics, Chemistry and Biology).
- Students should have studied English as one of main subject during the tenure of the course•
- Lateral entry to the second year for AHS course candidates who have passed diploma programme from the recognized government boards (Course duration 3 years (2 + 1 year Internship)

## **B.Sc. in OPTOMETRY**

Optometry is a field of medical science that deals with eye and vision care. As a professional optometrist, your prime responsibility would be to precisely detect/manage eye conditions, and work towards the rehabilitation of the visual system in case a problem is encountered. Once you complete the course, you become eligible to work in a variety of medical settings such as a doctor's clinic, a community clinic, private hospitals and numerous other organizations involved in research and academics. Unlike a couple of decades ago when optometry was merely limited to fitting eyeglasses, the present-day optometrist is well-qualified to move a step further and diagnose eye diseases as well. In fact, an optometrist is usually the first one within a healthcare setting to detect the changes in one's eye caused due to various diseases.

### **KEY JOB OPPORTUNITIES:**

- Run/Operate a private practice and provide eye-care.
- Practice as an independent consultant.
- Offer services in the defence, armed forces or government hospitals.
- Be a part of clinical research.
- Work in colleges/universities as a tutor / clinical instructor professor.
- Intelligence bureau or private investigation agencies.

## **DURATION OF COURSE: 4 YEARS (3 YEARS COURSE + 1 YEAR INTERNSHIP)**

### **Eligibility**

- Passed +2 with 45% (Core subjects are Physics, Chemistry and Biology).
- Students should have studied English as one of main subject during the tenure of the course.
- Lateral entry to the second year for AHS course candidates who have passed diploma programme from the recognized government boards (Course duration 3 years (2 + 1 year Internship))

## **B.Sc. in RENAL DIALYSIS TECHNOLOGY**

The course will train you on how to treat patients whose kidneys have ceased to function the normal way. You will learn how to efficiently operate and monitor machines that remove excess water, toxins and solutes from the blood of patients suffering from severe kidney diseases. Moreover, you will also be responsible for preparing post-treatment reports. As a qualified renal dialysis technologist, you will be mostly working under a physician's supervision in association with other healthcare professionals in a hospital or a clinic. It is important to note that that course will demand some basic skills such as patience, service mentality, precise understanding of the situation, excellent communication and, most importantly, the ability to develop a pleasing relationship with patients.

**DURATION OF COURSE: 4 YEARS (3 YEARS COURSE + 1 YEAR INTERNSHIP)**

### **Eligibility**

- Passed +2 with 45% (Core subjects are Physics, Chemistry and Biology).
- Students should have studied English as one of main subject during the tenure of the course.
- Lateral entry to the second year for AHS course candidates who have passed diploma programme from the recognized government boards (Course duration 3 years (2 + 1 year Internship))

# B.Sc. in EMERGENCY AND TRAUMA CARE TECHNOLOGY

The Bachelor of Science in Emergency and Trauma Care Technology, a four-year undergraduate program (B.Sc. in Emergency and Trauma Care Technology), is a specialized branch of medicine dedicated to delivering timely medical assistance to patients facing potentially life-threatening acute illnesses or injuries. The primary objective is to minimize trauma and save lives. The program's curriculum encompasses a wide array of subjects pertinent to emergency and trauma care. Key courses include emergency medical services, trauma care techniques, critical care, disaster management, pre-hospital care, and advanced life support. Students acquire essential trauma care skills, such as resuscitation, wound management, fracture stabilization, and other life-saving procedures. Emphasizing rapid and effective emergency response, the program integrates the study of disease processes with specific medical procedures and skills necessary for managing emergency, traumatic, and critical cases. Emergency medicine is a vital field that involves the prevention, diagnosis, and management of urgent health issues affecting patients of all ages, encompassing a broad spectrum of undifferentiated physical and behavioral disorders. Given its inherently time-sensitive nature, emergency medical teams are trained to address acute emergencies swiftly. The curriculum is meticulously designed to equip students with the knowledge and skills to become proficient Emergency Medical Technologists.

## **DURATION OF COURSE: 4 YEARS (3 YEARS COURSE + 1 YEAR INTERNSHIP)**

### **Eligibility**

- Passed +2 with 45% (Core subjects are Physics, Chemistry and Biology).
- Students should have studied English as one of main subject during the tenure of the course.
- Lateral entry to the second year for AHS course candidates who have passed diploma programme from the recognized government boards (Course duration 3 years (2 + 1 year Internship))

### **KEY JOB OPPORTUNITIES:**

Emergency Medical Technicians | Paramedics | Trauma Nurse | Cath Lab Technician | Consultant Nephrologist | Emergency Trauma Care Technician | ICU-intensivist | Teacher/Lecturer | Medical Equipment Sales Representative | Emergency Management Specialist | Flight Paramedic | Emergency Room Technician

# Bachelor of Hospital Administration (BHA)

The Bachelor of Hospital Administration undergraduate program is designed to prepare aspiring health managers by providing them with a comprehensive understanding of the art and science of Hospital Administration and Management. As the healthcare sector evolves rapidly, there is a growing need for skilled Hospital Administrators who are essential to the functioning of hospital systems and the quality of care they deliver. Our institute is committed to offering students a well-rounded exposure to various hospital departments, supported by exceptional guidance, training, and mentoring from experienced faculty members. The advanced curriculum of the Bachelor of Hospital Administration program integrates theoretical insights with practical knowledge, equipping students with the skills necessary for effective management in the healthcare field. The university focuses on developing competencies in the administration and management of healthcare facilities. The course outline includes essential subjects such as Healthcare Marketing, Hospital Information Systems, Hospital Policies, Quality Assurance, Hospital Operations, Public Health, and Basic Medical Sciences, among others. By addressing the dynamic demands of the healthcare industry, our program ensures that students are well-prepared for their future careers.

## **DURATION - 3 YEARS (6 SEMESTERS)**

### **Eligibility**

- The candidate must have passed 10+2 in any principle subject from a recognized educational pre degree board.
- Student should have studied English as one of the main subject during the Pre University Course

### **KEY JOB OPPORTUNITIES:**

Healthcare Administrator | Health Information Manager | Medical Office Manager | Clinical Director | Health Services | Healthcare Consultant | Healthcare Quality Improvement Manager | Patient Care Coordinator | Health Policy Analyst | Customer Service Manager | Hospital Administrator | Customer Relationship Management | Health and Security Manager | Human Resource Manager | Quality & Health Care Manager | Marketing Executive | Sales Executive | CEO

# Paramedical Sciences

At Harsha Institute of Paramedical Sciences, our mission is to develop the future leaders in the paramedical field. We understand the importance of providing our students with a strong educational foundation and the practical skills they need to succeed in their careers. Our curriculum is designed to challenge students and prepare them for the dynamic and evolving paramedical industry. Our faculty members bring a wealth of real-world experience to the classroom, providing students with valuable insights into the challenges and opportunities they will face in their careers. Our state-of-the-art facilities and hands-on learning opportunities allow students to put their knowledge into practice, helping them to gain practical skills and experience in their chosen field. Whether you're interested in nursing, lab technology, or any other area of paramedical science, Harsha Institute of Paramedical Sciences provides the resources and opportunities you need to succeed. Each of our courses is developed with the latest industry standards in mind and is taught by experienced professionals who bring real-world knowledge and expertise to the classroom. Our curriculum covers all the necessary material to help our students become confident and competent professionals in the field, including hands-on training, real-world scenarios, and practical applications of theories and concepts. With a focus on both theory and practice, our courses provide a well-rounded education that prepares students for the challenges and opportunities of the paramedical field.

## HIGHLIGHTS OF THE PARAMEDICAL SCIENCES

Tasks a paramedical sciences graduate may be entitled to perform:

- Conduct diagnostic tests and procedures like blood tests, imaging scans, ECGs, and pulmonary function tests.
- Assist in surgeries by maintaining sterile environments, providing instruments, and monitoring patient vital signs.
- Administer medications and treatments prescribed by healthcare professionals.
- Conduct patient assessments, including medical histories and vital sign measurements.
- Perform therapeutic interventions like physiotherapy, occupational therapy, or respiratory therapy.
- Assist in emergency medical situations by providing first aid, CPR, and basic life support.
- Operate and maintain medical equipment like radiography machines and laboratory analyzers.
- Collect and analyze specimens for laboratory testing.
- Collaborate with healthcare professionals to develop and implement patient care plans.
- Educate patients and families on disease management and post-treatment care.
- Document patient progress, maintain accurate records, and prepare reports for healthcare professionals.
- Follow safety protocols and infection control measures.
- Stay current with advancements in paramedical sciences through continuing education and professional development.

Opportunities for a rewarding career in paramedical sciences await you at our college – prepare for a dynamic and fulfilling future in healthcare!

## AFFILIATIONS

## **COURSES:**

Embark on a rewarding career in paramedical sciences and become an invaluable part of the healthcare industry. Learn to apply scientific knowledge and specialized skills in diagnostic, therapeutic, and rehabilitative procedures to support medical professionals in delivering quality patient care. By choosing a paramedical sciences education, you can enjoy a diverse range of career opportunities in fields such as medical laboratory technology, radiography and imaging technology, physiotherapy, occupational therapy, and more. Gain a strong foundation in theoretical knowledge and practical skills through comprehensive coursework and hands-on training, preparing you to make a direct impact on patient care and contribute to the overall functioning of healthcare systems. Choose a career in paramedical sciences and make a difference in the lives of others.

## **CAREER PROSPECTS FOR PARAMEDICAL SCIENCE PROFESSIONALS:**

Medical Laboratory Technologist | Radiographer/ Radiologic Technologist | Respiratory Therapist | Physiotherapist | Occupational Therapist | Speech and Language Therapist  
Cardiovascular Technologist | Emergency Medical Technician/Paramedic | Clinical Research Associate | Genetic Counsellor | Audiologist | Optometrist | Medical Sonographer  
Nuclear Medicine Technologist | Medical Illustrator/Animator.

## **EMPLOYMENT AREAS:**

Hospitals and Clinics | Diagnostic Laboratories | Imaging Centres | Rehabilitation Centres | Cardiac Care Units | Respiratory Care Units | Emergency Medical Services | Research Institutions | Pharmaceutical and Medical Device Companies | Academic Institutions and Universities | Public Health Departments | Sports and Fitness Centres | Home Healthcare Agencies | Government Health Agencies | Medical Insurance Companies.

## **KEY JOB OPPORTUNITIES:**

Diagnostic Testing and Evaluation | Sample Collection and Analysis | Equipment Operation and Maintenance | Treatment and Therapy Administration | Surgical Assistance and Sterilization | Vital Signs Monitoring and Emergency Care | Patient Assessment and Documentation | Care Plan Development and Implementation | Patient Education and Counselling | Safety Protocol and Infection Control | Research and Clinical Trials | Quality Improvement Initiatives | Regulatory Compliance | Record-Keeping and Documentation.

## **DMLT - DIPLOMA IN MEDICAL LABORATORY TECHNOLOGY**

The course will train students on how to precisely examine, evaluate and diagnose various types of diseases using modern-day laboratory equipment. During the course, you will acquire various technical skills related to subjects like Microbiology, Biochemistry, Pathology and Hematology to name a few. Moreover, the course will also train you on how to conduct accurate medical laboratory tests. The continuous advancements in the healthcare system have helped detect new disorders, which are currently being researched upon. This has led to the rise in the demand for professional medical laboratory technicians who can carry out the desired evaluations and diagnoses. As a result, recruiters around the globe consider DMLT as one of the most preferred degrees. So, if DMLT is something that interests you, this is indeed the right time to take the next step.

### **ELIGIBILITY FOR ADMISSION:**

- The candidate should have affiliated the minimum age of 15 years as on 31st December prior to the year of admission .upper age limit should be 35 years
- The candidates who have completed Pre-University (10+2) examination with Science subjects – PCB, PCMB, CBZ as the major subjects will be admitted to 2nd year diploma course.
- The candidates who have completed SSLC or equivalent examination will be admitted to 1st year diploma course.
- Eligibility for admission is as per Para Medical Board (GOK) norms as amended from time to time.

### **DURATION OF COURSE:**

PUC QUALIFIED CANDIDATES – 02 YEARS + 3 MONTHS INTERNSHIP |  
SSLC QUALIFIED CANDIDATES – 03 YEARS + 3 MONTHS INTERNSHIP.

### **Higher Studies**

B.Sc (Bachelor of Science) - BSC MLT | M.Sc (Master of Science) – MSC MLT | PhD (Doctor of Philosophy) | Career Opportunities | Medical Lab Technician | Lab Technician | Pathology Technician | Clinical Lab Technician | Blood Bank Technician | Microbiology Technician | Histopathology Technician | Biochemistry Technician | Lab Assistant | Blood Bank Assistant | Administrator.

## **DMIT - DIPLOMA IN MEDICAL IMAGING TECHNOLOGY**

Diploma in Medical Imaging Technology is an academic programme aimed at offering students a hands-on experience on how to precisely handle radio imaging equipment and related procedures. Theoretical lectures coupled with practical sessions are meant to help students acquire the primary skills needed to become a radiology professional, one who is capable of efficiently carrying out various imaging exams such as CT-Scans, MRI-Scans and X-Rays.

### **SOME OF THE CAREER OPTIONS INCLUDE:**

Radiology Technician | MRI Technician | Radiology Nurse | Ultrasound Technician | CAT Scan Technologist.

### **KEY JOB OPPORTUNITIES:**

Private/Government hospital | Public health centres | Nursing homes | Diagnostic labs | Other related medical settings.

### **DURATION OF COURSE:**

PUC QUALIFIED CANDIDATES – 02 YEARS + 3 MONTHS INTERNSHIP |  
SSLC QUALIFIED CANDIDATES – 03 YEARS + 3 MONTHS INTERNSHIP.

### **Eligibility**

- The candidate should have affiliated the minimum age of 15 years as on 31st December prior to the year of admission .upper age limit should be 35 years
- The candidates who have completed Pre-University (10+2) examination with sciences subjects PCB, PCMB, CBZ as the major subjects will be admitted to 2nd year diploma course.
- The candidates who have completed SSLC or equivalent examination will be admitted to 1st year diploma course.
- Eligibility for admission is as per Para Medical Board (GOK) norms as amended from time to time.

# DMXT - DIPLOMA IN MEDICAL X-RAY TECHNOLOGY

X- Ray Technology has made tremendous advances during the last 2 decades. The new diagnostic methods like, Ultrasound. C.T. NMR etc. have revolutionized the medical practice to arrive at correct and accurate diagnosis. WHO has already stated that 1 X-Ray unit has to be attached to every primary health centre thus creating the need for trained Paramedical personnel in the field of X-Ray technology. On the horizon of cancer treatment, radiotherapy plays a crucial role. All modern cancer treatment centers are equipped with radiotherapy units which have an essential requirement of trained paramedical personnel in radiotherapy.

## KEY JOB OPPORTUNITIES:

Private/public hospitals | Municipal corporations | Pathology labs | Diagnostic labs | Career Opportunities | X-ray Technicians, Assistants in Private Hospitals, Nursing Homes or with Private Medical Practitioners etc. | Open his/her own X-ray Centre in any part of the country, subject to state Law's or under the supervision of Medical Professional / Radiologist / Cardiologist | Private/Government hospital | Public health centres | Nursing homes | Diagnostic labs | Other related medical settings.

## Eligibility

- The candidates who have completed Pre-University (10+2) examination with sciences subjects PCB, PCMB, CBZ as the major subjects will be admitted to 2nd year diploma course.
- The candidates who have completed SSLC or equivalent examination will be admitted to 1st year diploma course.
- Eligibility for admission is as per Para Medical Board (GOK) norms as amended from time to time.

## **DOT & AT - DIPLOMA IN OPERATION THEATRE AND ANESTHESIA TECHNOLOGY**

An Operation Technician is a person who is responsible for the overall management of the operation theatre, which includes managing patients in & out of the operation theatre, proper maintenance of surgical instruments, arrangement of operation theatre table, dressing table, instrument table, anesthesia table and the management of the OT staff. He / She is also responsible for the maintenance of drug indent, anesthetic gases, linen and their sterilization.

### **DURATION OF COURSE:**

PUC QUALIFIED CANDIDATES – 02 YEARS + 3 MONTHS INTERNSHIP |

SSLC QUALIFIED CANDIDATES – 03 YEARS + 3 MONTHS INTERNSHIP.

### **ELIGIBILITY FOR ADMISSION:**

- The candidate should have affiliated the minimum age of 15 years as on 31st December prior to the year of admission .upper age limit should be 35 years.
- The candidates who have completed Pre-University (10+2) examination with Science subjects – PCB, PCMB, CBZ as the major subjects will be admitted to 2nd year diploma course.
- The candidates who have completed SSLC or equivalent examination will be admitted to 1st year diploma course.
- Eligibility for admission is as per Para Medical Board (GOK) norms as amended from time to time.

### **KEY JOB OPPORTUNITIES:**

Bright opportunities in abundance with all Hospitals, Healthcare Units, Medical Research Centres, in clinics and nursing homes.

# DOT –

## DIPLOMA IN OPHTHALMIC TECHNOLOGY

These professionals are trained in providing comprehensive eye and vision care, which includes refraction & dispensing, detection, diagnosing & managing ocular problems and rehabilitation of conditions of the visual system. They are trained to determine the refractive errors and suggest appropriate correction. They deal with eye testing, diagnose visual problems, optometric counseling, treating color blindness & hereditary vision defects, prescribing spectacles and suggesting eye exercises.

### DURATION OF COURSE:

PUC QUALIFIED CANDIDATES – 02 YEARS + 3 MONTHS INTERNSHIP |  
SSLC QUALIFIED CANDIDATES – 03 YEARS + 3 MONTHS INTERNSHIP.

### ELIGIBILITY FOR ADMISSION:

- The candidate should have affiliated the minimum age of 15 years as on 31st December prior to the year of admission .upper age limit should be 35 years.
- The candidates who have completed Pre-University (10+2) examination with Science subjects – PCB, PCMB, CBZ as the major subjects will be admitted to 2nd year diploma course.
- The candidates who have completed SSLC or equivalent examination will be admitted to 1st year diploma course.
- Eligibility for admission is as per Para Medical Board (GOK) norms as amended from time to time.

### Higher Studies

B.Sc (Bachelor of Science) | M.Sc (Master of Science) | PhD (Doctor of Philosophy)

### KEY JOB OPPORTUNITIES:

Ophthalmic Technology professionals can be a part of the Indian Red Cross Society, Indian Nursing Council, State Nursing Councils, Hospitals, Orphanages and involve in corporate CSR activities, Eye hospitals, Eye clinics.

## **DDT – DIPLOMA IN DIALYSIS TECHNOLOGY**

This is a highly specialized field that deals with taking care of patients who have a compromised kidney function. These professionals are not only trained to operate sophisticated machines which act as kidneys in removing waste and excess fluids from body, but also in maintaining, repairing of these machines. Moreover, they are also trained in patient education, counseling of patient and relatives on dietary habits, adherence to prescribed dialysis, etc.

### **DURATION OF COURSE:**

PUC QUALIFIED CANDIDATES – 02 YEARS + 3 MONTHS INTERNSHIP |  
SSLC QUALIFIED CANDIDATES – 03 YEARS + 3 MONTHS INTERNSHIP.

### **ELIGIBILITY FOR ADMISSION:**

- The candidate should have affiliated the minimum age of 15 years as on 31st December prior to the year of admission .upper age limit should be 35 years.
- The candidates who have completed Pre-University (10+2) examination with Science subjects – PCB, PCMB, CBZ as the major subjects will be admitted to 2nd year diploma course.
- The candidates who have completed SSLC or equivalent examination will be admitted to 1st year diploma course.
- Eligibility for admission is as per Para Medical Board (GOK) norms as amended from time to time.

### **Higher Studies**

B.Sc (Bachelor of Science) | M.Sc (Master of Science) | PhD (Doctor of Philosophy).

### **KEY JOB OPPORTUNITIES:**

A Dialysis Technology professional can work in hospitals, clinics, labs, dialysis units, training centres, health service providers.

# HARSHA INSTITUTE OF MANAGEMENT STUDIES

As a student at Harsha Institute of Management Studies, you'll have the opportunity to delve deep into your interests and passions, going beyond the traditional boundaries of a management college. Our campus serves as a real-world training ground, providing a wealth of opportunities for hands-on learning and exploration in every direction you look. You'll have access to a wide range of resources and opportunities that will allow you to explore the field of management in-depth and gain a comprehensive understanding of the industry. From cutting-edge technology and state-of-the-art facilities to a diverse and accomplished faculty, you'll have access to the tools and resources required to maximize your career potential. Our programs at Harsha Institute of Management Studies educate students in key areas of business management, and motivate them to fulfil their professional aspirations and contribute to the growth and success of organizations. Here, we provide the knowledge and skills needed to excel in the field of management and make a positive impact on the business community.

## HIGHLIGHTS OF MANAGEMENT-RELATED PROFESSIONS

A management graduate may have a variety of roles and responsibilities at a workplace, depending on the specific job they are hired for. However, here are some common tasks and responsibilities that a management graduate may be entitled to do at a workplace:

- Plan and organize activities, meetings, events, and project timelines.
- Supervise and manage teams, hire and train employees, delegate tasks, evaluate and provide feedback.
- Develop and implement business strategies, conduct market research, analyze financial data, and plan for growth.
- Manage day-to-day operations, oversee production processes, manage inventory, and ensure quality control.
- Communicate and collaborate with colleagues, clients, and stakeholders through reports, meetings, and negotiations.

## AFFILIATIONS

## **CAREER PROSPECTS FOR MANAGEMENT GRADUATES:**

Some areas in which management professionals may work and some of the tasks and responsibilities they may be entitled to:

Operations Management | Human Resource Management | Marketing Management | Financial Management | Project Management | Information Technology Management | Supply Chain Management | Strategic Management | Quality Management | Risk Management

## **COURSES:**

At Harsha Institute of Management Studies, our curriculum is developed to provide students with the necessary knowledge and skills to succeed in the competitive job market. Led by experienced and knowledgeable instructors, our courses cover a wide range of topics from traditional business management to cutting-edge fields like digital marketing and data analytics. Our diverse range of options will empower you to achieve your professional goals. With flexible scheduling, supportive atmosphere and a focus on student success, Harsha Institute of Management Studies is the perfect place to pursue your education.

## **EMPLOYMENT AREAS:**

Here are the industries or areas where management graduates can find employment:

Information Technology | Advertising and Marketing | Healthcare | Finance and Accounting | Human Resources | Sales and Business Development | Operations and Supply Chain Management | Retail | Hospitality and Tourism | Non-Profit | Government and Public Sector | Sports Management | Education Management | Consulting | Entrepreneurship and Small Business Management

## **KEY JOB OPPORTUNITIES:**

Job titles that management graduates may pursue across industries:

Project Manager | Operations Manager | Human Resource Manager | Sales Manager | Business Development Manager | Marketing Manager | Financial Analyst | Investment Banker | Supply Chain Manager | Consultant | Account Manager | Brand Manager | Product Manager | Operations Analyst | Management Trainee | General Manager | Risk Manager | Quality Manager | Customer Service Manager | Executive Assistant

## **B.Com. (LOGISTICS & SUPPLY CHAIN MANAGEMENT)**

A 3-year management degree that covers, in detail, all concepts related to logistics, shipment and other interconnected domains. In easy words, logistics can be defined as the management of transportation of goods from one point to another. Along with delivery, the process may also include other aspects such as packaging, social security and warehousing. The course will introduce you to various business operations that are solely dependent on logistics. Moreover, you will develop the much-needed communication and leadership skills, thereby making you a perfect fit for various job profiles within the logistics domain, for instance accounting, information technology, international trade and management to name a few.

### **DURATION OF COURSE: 4 YEARS**

#### **Eligibility**

- Passed +2 with (any optional subjects & English).

## **BBA (AVIATION MANAGEMENT)**

This 3-year course is a perfect fit for those aspiring to make a career in the aviation industry. You will acquire a thorough understanding of various aviation-related topics such as airport operations, air transport, passenger forecasting, cargo handling, financial accounting, airport planning, etc. As a fresh graduate in aviation management, you will be all set to take up a crucial responsibility of managing teams involved in various operations within the aviation domain.

#### **SOME OF THE CAREER OPTIONS INCLUDE:**

Partner airport manager | Program manager | Air terminal operations manager | Recuperation and credit manager | Branch manager | Instructor at flight schools

### **DURATION OF COURSE: 3 YEARS**

#### **Eligibility**

- Passed +2 with (any optional subjects & English).

# B.Sc. Forensic Science

The course will train you on how to apply various scientific methods and processes to criminal investigations. You will learn how to find physical evidences through lab tests, evaluations and identifications. After successfully completing the course, you will be able to precisely analyse and interpret data related to crimes by putting into practices different forms of science such as Physics, Chemistry and Biology.

## SOME OF YOUR TASKS WOULD INCLUDE:

Cataloguing and preserving specimens collected at the crime scene for further analysis | Assisting cases in criminal and civil courts | Accurately determining the cause of the crime | Analysing the evidence.

## KEY JOB OPPORTUNITIES:

Forensic scientist | Pathologist | Private investigator | Forensic analyst | Forensic investigator | Forensic science professor | Universities | Banks | Hospitals | Defence forces | Intelligence bureau or private investigation agencies.

## DURATION OF COURSE: 3 YEARS

### Eligibility

- Passed +2 with (any optional subjects & English).

# BBA

BBA turns out to be the most precise choice for those planning to pursue a career in business management. The course will train you on various aspects of business management such as marketing, finance and sales. Most importantly, you also acquire the 2 most crucial skills that every business organizations look for – risk management and leadership. You will efficiently be able to implement the most effective business strategy within an organization. More than just a degree, BBA turns out to be a practical approach towards management and related aspects. It offers you a 360° overview on topics ranging from business economics to accounting policies to business law, each of which is an essential component of every business model. Apart from helping you take up a managerial role at an organization, the course also offers you the most needed skills to start your own entrepreneurial journey.

## DURATION OF COURSE: 3 YEARS

### Eligibility

- Passed +2 with (any optional subjects & English).

# B.Com

Bachelor of Commerce is presently one of the most popular undergraduate degrees among students aspiring to work in industries such as banking, insurance, accountancy and finance. Most of the graduates who complete the course succeed in getting high-paying jobs across India. Some also prefer practicing independently as accountants or financial specialists. Every organization has a dedicated team dealing with all aspects related to company finances and funds. As a result, one can easily find thousands of finance-related job vacancies posted on online job portals. The trend is only expected to move upwards in the days to come.

### SOME OF THE CAREER OPTIONS INCLUDE:

Chartered accountant | Financial risk manager | Chartered financial analyst | Certified financial planner/advisor | Investment banker | Professor in a college or other institutions.

## DURATION OF COURSE: 3 YEARS

### Eligibility

- Passed +2 with (any optional subjects & English).

# BCA (Bachelor of Computer Applications)

The BCA degree course covers all the major aspects of computer science and information technology. The course will help you acquire the necessary technical skills demanded by all the major tech companies across the globe. From hardware networking concepts to programming, the course covers it all. Some other topics included in the course are fundamentals of computer, frontend and backend web development, database management and operating systems to name a few.

## KEY JOB OPPORTUNITIES:

Computer programmer | Web developer/ Application developer | Hardware and networking engineer | Systems analyst | Computer support specialist | Technical instructor

## DURATION OF COURSE: 3 YEARS

### Eligibility

- Passed +2 with (any optional subjects & English).

# MASTERS MANAGEMENT PROGRAMS

Our management courses are designed to provide you with a strong understanding of the business discipline you intend to choose, for instance, marketing, human resources, finance, business analytics, etc. Through practical and analytical concepts, students learn how to put into practice various management theories in order to get the most desired output from business operations. Our graduated students have successfully managed to achieve the most prestigious positions in multinational companies in India and abroad. These positions include, but are not limited to, financial manager, event manager, marketing manager, production manager and business development manager.

## Skills you will gain as a management graduate:

- Thorough understanding of all major business practices, structures and principles.
- Proficiency in putting into practice financial and numerical business data.
- Knowledge of management roles and their responsibility within an organization or a business.
- Awareness on global economics and financial markets.
- Ability to work as an effective leader within a team.
- Be able to take initiatives that will benefit business operations.
- Acquire problem-solving and decision-making abilities.
- Organizational and time-management skills.

You get to choose from a total of 8 different specializations, each of which is aimed at enhancing your management skills.

## Details about our MBA & MCA Programs

Program	Duration	Eligibility	Affiliation/Recognition
MBA (All Specializations)	2 Years	PG Degree	AICTE/Govt. of Karnataka/Bangalore University
MCA	2 Years	PG Degree	AICTE/Govt. of Karnataka/Bangalore University

# MBA

Unlock your potential for career advancement with our top-rated MBA program. Designed for ambitious students looking to excel in leadership roles in today's global economy, this program offers a unique combination of technical skills, soft skills, and hands-on experience. You'll learn to make strategic business decisions, solve complex problems, work effectively in teams, and lead with confidence in any sector. Our MBA program is tailored to prepare you for success in industry, commerce, and services, with a focus on developing your motivation and leadership abilities. Our Master of Business Administration program will give you a comprehensive understanding of the business world and equip you to succeed in a competitive global marketplace. Learn from industry experts, tackle real-world challenges through case studies, and apply your knowledge through internships and projects. Join a diverse and dynamic student community, and build valuable connections that will propel your career forward. Take the first step towards a rewarding and fulfilling career in management with our MBA program.

## SPECIALIZATION

Marketing Management | Business Analytics | HRM | Banking & Finance | Healthcare Management | Entrepreneurship & Family Business | Supply Chain Management and Logistics

## Move up the management ladder and transform your career with our MBA courses

### MBA in Finance Management

The program will train you on how to achieve a company's financial objective through effective management of finances and accounts. Financial planning, risk management, statistics for business, risk analysis, asset management and pricing are some of the topics covered extensively in the program. The program primarily aims at providing you with an inexhaustible knowledge about the economic and marketing trends that govern the present-day global financial ecosystem.

### MBA in Marketing

Keeping in mind the current marketing trends, we have designed a program that aims at teaching students the most effective marketing and advertising strategies that will further increase brand visibility among potential customers, while effectively managing the available resources. You will learn how to build a narrative around products and services you intend to market through effective story-telling. Understanding customer behavior and carrying out a strategic market research are some of the other skills you will acquire through this program.

### MBA in Human Resources (HR)

Recruiting the right workforce is highly essential for the consistent growth of an organization. The MBA in HR program will train you on how to recruit the right individuals with the necessary skillsets required for the job they are being hired for. Moreover, you will also learn the most effective ways to handle employee grievances and accordingly work on a solution that guarantee employee satisfaction in the long run.

### MBA in Healthcare Management

Since the outbreak of the pandemic, the healthcare industry has witnessed a dramatic transformation, both in terms of technological advancements as well as recruiting new talent. After closely observing the ever-increasing demand for highly-skilled healthcare professionals, we felt the need to introduce a well-structured MBA program in Healthcare Management. This program is aimed at making students skilled enough to take up significant managerial roles within numerous medical settings such as hospitals, clinics and other healthcare centers.

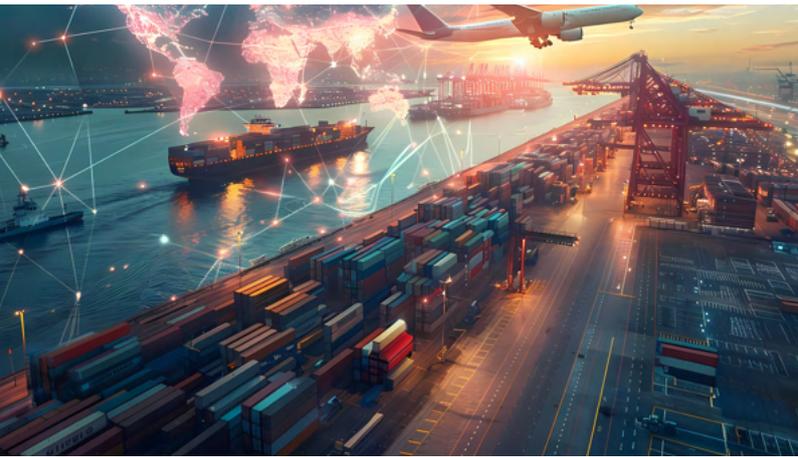

## MBA in Business Analytics

Businesses, these days, are investing heavily into data analysis to identify trends and patterns in business based upon which future business decisions are made. As a result, the demand for skilled business analytics professionals has witnessed a tremendous growth in the past few years. So, if you are one of those aspiring to build a career in business analytics and big data, we have the right course for you. Our MBA in Business Analytics program will train you on how to develop effective solutions to real-world programs using the most modern analytical techniques.

## MBA in Logistics and Supply Chain Management

Logistics and Supply Chain Management play a key role in facilitating the movement of raw material to end-consumers in the form of the final product. However, the processes involved consist of varied complexity levels and therefore require the intervention of highly skilled professionals to effectively manage the entire operation. The MBA in Logistics and Supply Chain Management is aimed at producing such professionals with the essential skillset to manage and regulate the efficient movement of goods from the source to the end consumer.

## MBA in Banking, Finance and Insurance Services Management. (BFIS)

With the emergence of private firms, the banking and insurance sector has witnessed an enormous expansion. Thanks to the inexhaustible portfolio of financial services being offered. However, with increase in demand for such services comes the necessity to recruit the right finance professionals. This is exactly where Harsha can contribute immensely through its highly preferred MBA in BFIS program that covers almost every major finance-related concept there is to learn. Starting right from the fundamentals of banking and finance, we move up the ladder with most complex topics such as investment banking, risk management and treasury operations to name a few. So, if finance is where your interest lies, this program turns out to be a perfect choice.

## MBA in Business start up's and Entrepreneurship management

Did you know that India is the 3rd largest startup ecosystem in the world? Recent years has witnessed the rise of recognized startups, and the number is only expected to grow in the near future. If you are one of those planning to be a part of the blooming startup ecosystem, we have the right MBA program designed just for you. Our MBA in Startups and SMEs Management degree will train you on how to transform innovative ideas into an economically profitable business. Right from the ideation to execution, the program teaches you almost every single concept essential for the smooth functioning of a startup or a small & medium enterprise (SME).

# Master of Computer Application (MCA)

Almost every major industry across the globe annually hires millions of computer graduates with diverse computer skills. Not just IT, but companies across all sectors prefer employees with a prestigious computer degree from a renowned institution. Our MCA program is one such degree that is sure to offer you a competitive edge in the professional world where computer literacy has no other alternative. The program covers everything, right from the fundamentals of computers to complex concepts such as data structure, DBMS and Artificial Intelligence. Elevate your career with our Master in Computer Application program. Join us and immerse yourself in the constantly changing and emerging field of computer science. From software engineering to data science, our program is tailored for those with a passion for technology and a drive for success in the IT industry. Our experienced professors will guide you through a curriculum focused on problem solving, creativity, and collaboration. The ever-evolving discipline of computer science also has strong connections to other disciplines. Many problems in science, engineering, health care, business, and other areas can be solved effectively with the help of computers, but finding a solution requires computer science expertise as well as knowledge of the particular application domain. Gain hands-on experience and industry knowledge to launch your career in software engineering, system administration, data science, financial analysis, app development, IT Consultation and more.

## The emphasis in computer science courses will help students learn

## EXCELLENT SPORTS ENVIRONMENT

At Harsha, we prioritize sports and physical activities, offering top-notch facilities for various sports including Football, Handball, Cricket, Badminton, Volleyball, Skating, Hockey, Tennis, and Swimming. Our students have excelled in numerous sports competitions at various levels. Our goal is to provide sports training to the youth, promoting maximum participation and success in future Sporting Events. Recognizing that each student has unique talents and preferences in sports, we support them in discovering and nurturing their passion. By prioritizing the physical health of our students, we aim to foster well-rounded individuals who are not only academically strong but also emotionally resilient and prepared for the challenges of the world.

# CARE

## HARSHA CARES

Harsha is committed to fostering equality, empathy, tolerance, and compassion for others. It is vital for Indian students to engage with diverse cultures and communities to cultivate awareness and empathy. Such social skills play a crucial role in shaping India's future. Harsha Institutions undertake social initiatives designed to make a positive difference in society by focusing on compassion, environmental sustainability, access to healthcare, economic empowerment, and the development of local leadership. The program aims to promote sustainable growth and enhance corporate responsibility through the sharing of experiences, networking, and collaboration.

# SAY HELLO FUTURE

In conclusion, Harsha Institutions has proudly dedicated over two decades to fostering excellence in education through a cohesive system that upholds international standards and moral values. Established 21 years ago by the Sri Srinivasa Charitable Trust, we have created a vibrant learning environment that embraces diversity, welcoming students from all backgrounds into the Harsha Family. Our commitment to quality is reflected in our highly skilled teachers and accomplished alumni, contributing to a legacy of learning recognized on an international scale. Our connections with global institutions keep us at the forefront of educational advancements, enabling us to offer higher education courses and paving the way for a future university with diverse study streams. With a management team rich in experience and expertise, Harsha has evolved into a cohesive network of academicians, researchers, and professionals, solidifying our reputation as one of the premier institutions in Nelamangala, Bangalore.
